

# DB Schenker's policy for transport of dangerous goods

**At DB Schenker, we work actively to ensure that our transports of Dangerous goods are carried out safely.**

**All those involved in the transport chain are an important link and should be aware of its responsibility. Each transport of dangerous goods must take place in accordance with applicable international and national regulations governing the transport of dangerous goods to:**

- Avoid personal injury and loss of life.
- Avoid damage to the environment.
- Avoid damage to property.
- Limit financial losses.
- Satisfy the demands made by customers and authorities for qualitative transport.
- Ensure that applicable security regulations are complied with

**With our experience and trained employees, your dangerous goods are in safe hands.**
