Oslo, 31st of May 2024

Information about price changes

The transport- and logistics industry is experiencing significant cost increases. Uncertain times, high inflation and repeated increases in interest rates creates a challenging market situation with rising prices and costs.

As a consequence of this, we will adjust our prices from 01.07.24.

Schenker is committed to delivering high-quality services. We continuously work on streamlining our operations.

The price change will be implemented as follows, unless otherwise agreed:

Land Transport in Norway and Europe

- System and Direct products will increase by 5,8 %.

Ocean and Air freight prices will be adjusted in line with market developments.

Fees and extras will be adjusted individually. An overview of updated prices and lists of surcharges can be found at www.dbschenker.no from 01.07.2024.

Best regards
for SCHENKER AS

Wolfgang Frank
Head of Land Transport
